

Biography:

My name is Masab Saleem Umar Sahibzada. I am a Data Scientist and Web Developer with a strong foundation in both data-driven decision making and full-stack web development. I graduated from IMSciences, where I honed my skills in machine learning, data analysis, and modern web technologies. One of my notable projects includes *Dialogics*, an LLM-based chatbot designed to enhance conversational AI interactions. I'm passionate about building intelligent systems that bridge the gap between humans and machines, and I continuously strive to stay ahead in the ever-evolving world of tech.
